I-30 CLOSURE IN ARLINGTON

All Lanes Closed For Bridge Removal

Nov. 7, 2018

WHEN: Friday, Nov. 9, 7 p.m. to Monday, Nov. 12, 5 a.m., weather permitting

WHERE: Interstate 30 from Farm to Market Road 157/Collins Street to State Highway 161/President George Bush Turnpike

ARLINGTON – The Texas Department of Transportation (TxDOT) will close the east and westbound I-30 mainlanes from FM 157/Collins Street to SH 161/President George Bush Turnpike from 7 p.m., Friday, Nov. 9 to 5 a.m. Monday, Nov. 12, for the removal of the southbound SH 360 frontage road bridge, weather permitting.

Eastbound I-30 motorists will be detoured to southbound FM 157/Collins Street, then to eastbound SH 180/Division Street, and then to the northbound SH 161 frontage road to the eastbound I-30 direct connector ramp (toll free during the detour). Motorists can then access eastbound I-30. Westbound I-30 motorists will take the opposite detour (detour map attached).

SH 360 access to I-30 will be directed through the SH 180/Division Street interchange.

The \$233 million Interstate 30/State Highway 360 interchange project will transform the original 1950s Dallas-Fort Worth Turnpike cloverleaf design into a modern, fully-directional interchange with connection ramps for all movements between I-30 and SH 360. The improvements to the area will increase safety, connectivity and mobility for motorists.

For up-to-date project information, current lane closures and to signup for email alerts on construction activity, go to: www.keep30360moving.org.

TxDOT appreciates the patience of motorists, and encourages attention to all warning signs within the construction work zone while crews work diligently to complete this project as quickly and as safely as possible. You can see all Texas road conditions by visiting: www.drivetexas.org.
